

Tengdajie Live Maintenance Product						
Category	Product Name	Features	Unit	Capacity	Remark	Photo
Can packaged	Live cleaning detergent for network communication equipment EC-004	Environment friendly, high flame retardant, PH neutral, static elimination, non-corrosive	Can	360ml	24Can/Box	
	Live cleaning detergent for electric power equipment OLC-10	Environment friendly, high flame retardant, PH neutral, high insulation, non-corrosive	Can	360ml	24Can/Box	
	Protective agent for electric & electronic equipment CP-001	Environment friendly, high flame retardant, PH neutral, salt fog resistance, non-toxic	Can	360ml	24Can/Box	
	Anti-rust lubricant RPL-01	Environment friendly, loose rust, rust prevention, lubrication, non-toxic, non-corrosive	Can	360ml	24Can/Box	
Barrel packaged	Live cleaning detergent for network communication equipment EC-04	Colorless / non-toxic / static removal / electrified equipment (communication & electronic)	Barrel	22Kg	20L/Barrel	
	Live cleaning detergent for electric power equipment OLC-10-B	PH neutral, high voltage resistant, nonflammable, non-toxic and harmless, high insulation, volatile and residue free ((10kV or less)	Barrel	22Kg	20L/Barrel	
	Live cleaning detergent for electric power equipment OLC-35-B	PH neutral, high voltage resistant, nonflammable, non-toxic and harmless, high insulation, volatile and residue free (35kV or less)	Barrel	22Kg	20L/Barrel	
	Protective agent for electric & electronic equipment CP-01	PH neutral, high voltage resistant, nonflammable, non-toxic and harmless, high insulation, isolate contamination	Barrel	20Kg	20L/Barrel	
	Nano hard protective agent for power & electric equipment CP-98	PH neutral, high insulation, IPX7, nonflammable, moisture-proof, anti-salt fog, anti-UV	Barrel	17Kg	20L/Barrel	

Intelligent Extinguishing Material Integration Product				
No	Model	Product spec	Maximum protecting volume (m3)	No power supply, no special smoke, temperature detectors, no complicated equipment and pipelines, accurate and effective detection and extinguishing of fire sources, and extinguishing fires at the initial stage.
